THE RTA'S **BIG eSCHMOOZE**

SAN DIEGO'S PREMIER BUSINESS NETWORKING

006 8.26.04

OPERATION BIG eSCHMOOZE 006:

Infiltrate San Diego's tech community at all levels by attending Big eSchmooze, the RTA's signature networking event! In its 6th installment, the event is now widely recognized as the premier networking event for San Diego's tech and biotech community, an annual staple where the community comes together.

The Big eSchmooze is a must-attend for many industry and business leaders, and an opportunity for them to connect in a relaxed and creative setting to grow businesses and create new partnerships. Attendees include: entrepreneurs, executives, marketing and business development personnel, investors, service providers, industry leaders, press and elected officials. The majority of San Diego's tech and biotech industry clusters, from scientific start-ups to sophisticated public companies are represented, as well as their supporting service providers.

MISSION CRITICAL VARIATION:

Take your networking to the next level with unique new twists to the traditional eSchmooze format. In addition to straightforward networking and company exhibitions, this year will feature opportunities for greater interaction with specific sectors of the technology and life sciences community and with your fellow networkers.

Community Partners:
